Introduction

In line with the adoption of the International Public Sector Accounting Standards (IPSAS) in Nigeria, a Standardised Chart of Account (COA) alongside a set of General Purpose Financial Statements (GPFS) have been designed and introduced by FAAC for adoption by all tiers of Government in Nigeria.

The standardised COA and the GPFS is hereby adopted by Kebbi State Government to comply with FAAC directive to harmonise public sector accounts reporting in Nigeria.

In order to ensure an effective and efficient utilisation of the COA and GPFS, the Accounting Policies have been developed as a set of guidelines to direct the Processes and Procedures relating to financial reporting in Kebbi State.

These policies shall form part of the universally agreed framework for financial reporting in Kebbi State.

IPSAS Cash Basis of Accounting

The IPSAS Cash Basis of Accounting recognizes transactions and events only when Cash (including Cash Equivalents) is received or paid by the MDAs. GPFS prepared under the IPSAS Cash Basis provide readers with information about the sources of Cash raised during the period, the purposes for which Cash was used and the Cash balances at the reporting date. The measurement focus in the GPFS balances are Cash and changes during the period. Therefore Bank Reconciliation Statement shall form integral part of periodic Reports in Kebbi State.

Notes to the GPFS provide additional information about liabilities, including payables and borrowings, and non-cash assets that include receivables, investments and property, plant and equipment.

This Accounting Policy addresses the following fundamental accounting issues:

1. Definition of Accounting Terminologies
2. Recognition of Accounting Items
3. Measurement of Accounting Items
4. Treatment of Accounting items
